You do the playlist, he does the music !

The Human Jukebox is an innovative and interactive live music system, in which a singer-guitarist perform covers, chosen by the audience in real time, from a list of over 700 songs, with various styles : pop, rock, folk, blues, reggae, metal, funk, rap...

Everyone around can pick up song names and build its own playlist, resulting in an eclectic set : switches from Pink Floyd to Bob Marley, moves to Johnny Cash and Michael Jackson, Metallica and Amy Winehouse ...

Setlist can be prepared in advance, on on live written on pieces of paper mixed and randomly picked from a hat. Songbook can be laid on the tables (8 paper copies) or displayed on-screen, so can be the lyrics.

The Human Jukebox is an adaptative show that can fit your needs :

- **Live Karaoke** : additional microphone is available for the brave ones ! all lyrics available on demand on USB key or paper.
- **Blind-test** : The musician arpeggiates melodies with his guitar, (among a choice of 300+ tunes). The audience can be organized in teams, with goals and awards...,
- **Prepared set** : The musician/band can work a playlist with specific music styles/ songs.
- Can also play some of my own songs, which are available on my Soundcloud page or on my website : www.sylvanito.com
